Notes:

- (1) The Ijamsville Rd/Mussetter Rd area will remain at Centerville ES until the addition to Oakdale ES is complete. This project is scheduled for completion in August 2011 and will bring the OES state rated capacity (SRC) to 701.
- (2) All enrollments are equated enrollments. Equated enrollments include preK students as 1/2 day students.
- (3) Assumes all students living within attendance area will attend the assigned school, adjusted for G & T program only.
- (4) Walkersville ES current enrollment does not include kindergarten class. Kindergarten class temporarily relocated to Glade ES until addition completed. 2010 and 2012 enrollment projections include kindergarten. WES state rated capacity (SRC) reflects 210 seat addition currently under construction.
