All addenda so issued will become a part of the award and contract documents.

6. PREPARATION OF BID

- a. Should any bidder be in doubt as to the meaning of the specifications, or should they find any discrepancy or omission, they shall notify the Contract Manager listed on the solicitation cover sheet. FCPS retains the right to determine if items are equivalent and will be accepted.
- b. It will be the responsibility of the bidder to submit a clear and concise proposal wherein each substitution and deviation is identified and described, in writing, at the time of solicitation submission.

- i. The bidder will, upon request and with no cost to the FCPS, furnish documents, independent laboratory tests reports, and/or similar materials of proof to substantiate that the substitutions and deviations of the items they propose to furnish do not prevent these items from being truly and factually equal to, or exceeding, that which is specified.

If the order or shipment is rejected for failure to meet the requirements of the specifications or purchase description, the cost of testing will be charged to the awarded vendor.

- c. The right is reserved to retain any sample submitted with bids for the purposes of examination and testing. - d. FCPS retains the right to determine the method of testing to be utilized.
- e. Samples that are not retained by FCPS must be removed within two weeks upon notification. Return shipping must be prepaid by the vendor. Samples not removed within this two-week period shall be retained, or disposed of, at the discretion FCPS, and without compensation to the bidder.

- e. Charges for express delivery will only be allowed if authorized by FCPS in writing.
- f. The bidder(s) are encouraged to bid only one product per line item that most nearly meets the specifications. If the bidder believes that there is more than one product available, a limit of two offers will be considered for each line item.
- g. If two or more particular brands, models, or makes are listed in the specifications (under Base and Alternate Bids) and the bidder has not indicated in the bid which of the two or more brands, models, etc., is being bid, it shall be understood that FCPS may require the bidder to furnish whichever is preferred by FCPS.
- h. All unit prices on items bid shall be completed on the provided proposal sheet(s). A "NO BID" or "N/A" notation should be completed for each item not being bid. Blank spaces in the proposal sheet will be considered as not being bid.
- i. In case of an error in the extension of prices in the bid, the unit price shall govern.
- j. Unit Prices must be rounded off to no more than two decimal places unless so specified in Section II.
- k. FCPS reserves the right to consider discounts in evaluating a bid with line item pricing requirements. The bidder should calculate all discounts, other than prompt payment, as part of their unit pricing.

- b. If, within the guarantee period, any defects or signs of deterioration are noted, the awarded vendor(s), at their expense, shall correct the condition or they shall replace the part or entire unit of work/equipment to the complete satisfaction of FCPS. These repairs, replacements, or adjustments shall be made only at such times as will be designated by FCPS to minimize the disruption to building/school operations.

- b. If the bidder has made an error, the bidder may request, in writing, to have their bid withdrawn. Approval of a bidder's request is not automatic and may be given only by the Purchasing Manager. Requests for withdrawal are usually denied, unless the bidder proves to the satisfaction of the Purchasing Manager that the mistake was either a scrivener's error or another type of clearly unintentional error so departing from customary and reasonable business practices as to be obvious and to legitimately and substantially impair the vendor's business.
- c. Neither law nor regulations make allowance for errors either of omission or commission on the part of the bidders. In case of error in multiplication of unit price when arriving at total price per line item, the unit price shall govern. If there is a discrepancy between the price written in numbers and the price written in words, the words will govern.

14. AWARDS OR REJECTION OF BIDS

- a. The basis of award shall be the lowest responsible bidder submitting a responsive bid that conforms to the specifications established in the solicitation with consideration given to the quantities involved, time required for delivery, purpose for which required, competency and responsibility of bidder, the ability of the bidder to perform satisfactory service, and the plan for utilization of minority contractors, if applicable.
- b. FCPS reserves the right to determine completeness and/or timeliness of bids, to reject any or all bids in whole or in part, to make partial awards, to waive any informality in any quotation, to increase or decrease quantities if quantities are listed in the bid, to reject any bid that shows any omissions, alterations of form, additions not called for, conditions, or alternate proposals, and to make any such award as is deemed to be in its best interest.
- c. Bidders may be required, before the awarding of a contract, to show to the complete satisfaction of FCPS, that they have the necessary facilities, ability and financial resources to execute the contract in

a satisfactory manner, and within the time specified. Bidders may be required to demonstrate they have the necessary experience, history and references to assure FCPS of their qualifications.

- e. Unless stated otherwise in Section II, the contract may be awarded by line item, group, or in the aggregate, whichever is in the best interest of FCPS.
- f. In the event of a tie, where all other factors, such as past performance, are considered comparable, the award shall be made to the Frederick County based bidder; the closest Maryland out-of-county based bidder; and the closest out-of-state based bidder, in that order of preference.
- g. FCPS does not have local, state or federal preference requirements except when mandated by a targeted funding source.
- h. If, after competitive sealed bids have been opened, the Purchasing Manager determines that only one responsible bidder has submitted a responsive bid, the procurement contract may be negotiated with that one bidder as sole source procurement.
- i. A recommendation for the award of a contract will be presented to the Board of Education of Frederick County for approval. Upon approval of the award of contract, the bidder(s) shall be notified of their award(s). If applicable, an FCPS contract document shall also be issued.

- d. No amendment, modification or change to the contract shall be effective unless such change is in writing and mutually agreed upon by authorized representatives of FCPS and the awarded vendor(s). Changes may not significantly alter the original scope of the agreement.

16. PROTESTS

 - iii. A bidder who does not file a timely protest before the contract is awarded by the Board of Education of Frederick County is deemed to have waived any objection.
- b. The Purchasing Manager shall inform the Chief Financial Officer and/or general counsel upon receipt of the protest, and shall confer with them prior to the issuance of a decision regarding disputes of contracts or awards valued at \$25,000 or above.
 - c. The Purchasing Manager shall issue a decision in writing.
 - d. Should the protestor disapprove of the Purchasing Manager's decision, they have the right to address the Board of Education of Frederick County during the public comment section of the same Board meeting where the award recommendation is scheduled for award.

17. CONTRACT ASSIGNMENT

- a. The awarded vendor(s) will not assign or transfer any portion of their interest or obligation under this Agreement to any third party, without the prior written consent of the Contract Manager. Nothing herein shall be construed to create any personal or individual liability upon any employee, officer, elected official of the Board of Education of Frederick County, nor shall this Agreement be construed to create any rights hereunder in any person or entity other than the parties to this Agreement.
- b. The awarded vendor(s) will, when required, submit to the Contract Manager, in writing, the name of each subcontractor they intend to employ, the portion of the material to be furnished, their place of business, and any such information as may be required in order to know whether such subcontractor is reputable and reliable and able to furnish satisfactorily the material as called for in the specifications.
- c. FCPS reserves the right to approve or disapprove all subcontractors to be employed on a project. FCPS further reserves the right to approve or disapprove a change of subcontractor once an initial subcontractor has been approved. Any increased cost associated with the change of a subcontractor shall be the full obligation and responsibility of the awarded vendor(s).

- d. The awarded vendor(s) will not legally, or equitably, assign any of the funds payable under the contract, or its claim thereto, unless by, and with, the consent of the Contract Manager.
- e. The awarded vendor(s) will have the same provisions inserted in all subcontracts relative to the terms of the general conditions and other contract documents. Nothing contained in this contract shall create any contractual relations between any subcontractor and FCPS.

18. MULTI-YEAR CONTRACT

- a. Contracts that require funding appropriation for more than one fiscal year automatically terminate if money sufficient for the continued performance is not appropriated for any fiscal year. The date of termination is the last day of the fiscal year for which money was last appropriated, or the date provided in the termination clause of the procurement contract, whichever is earlier.
- b. If the multi-year contract is terminated due to lack of funding, FCPS shall reimburse the vendor for the reasonable value of any nonrecurring costs that were incurred as a result of the multi-year contract, but not amortized in the price of the supplies or services delivered under the multi-year contract. The reasonable value will be negotiated, and mutually agreed upon, by FCPS and the vendor.
- c. The cost of termination may be paid from any appropriation available for that purpose.

19. HOLD HARMLESS

It is understood that the awarded vendor(s) shall defend and hold harmless the Board of Education of Frederick County, and its representatives, from all suits, actions, or claims of any kind brought about as a result of any injuries or damages sustained by person(s) or property during the performance of this contract.

20. CONTRACT DISPUTES

- a. Any dispute arising under this contract shall be decided by the Contract Administrator, the Contract Manager and the Purchasing Manager, who will communicate their decision to writing and furnish a copy to the vendor. This decision shall be final and conclusive unless, within 30 days, the vendor furnishes a written appeal addressed to the Board of Education of Frederick County. The local Board of Education has the right to hear appeals as provided by Maryland law.
- b. The Board of Education of Frederick County, or its duly authorized representative, will review the appeal for the determination of such appeal and their finding shall be final and conclusive. In connection with any appeal preceding under this clause, the vendor will be afforded an opportunity to be heard and to offer evidence in support of his appeal. Pending final decision of a dispute, the vendor shall proceed diligently with the performance of the contract and in strict accordance with the FCPS staff's decision. Exceptions are decisions determined by a court of competent jurisdiction to have been fraudulent, capricious, arbitrary, or so grossly erroneous as to imply bad faith, or not supported by evidence.
- c. This clause does not preclude consideration of laws questioned in connection with the decision provided for above.

21. TERMINATION FOR DEFAULT

 - iii. If the vendor willfully attempts to perform the services other than specified as to coverage, limits, protections, and quality or otherwise, without specified authorization in the form of contract amendment, or:
 - iv. If a determination is made by FCPS that the obtaining of the contract was influenced by an employee FCPS having received a gratuity, or a promise therefore, in any way or form.
- b. In the event FCPS terminates the contract in whole or in part, FCPS may procure such products and services, in a manner the Purchasing Manager deems appropriate, and the vendor shall be liable to FCPS for any additional cost(s) incurred.
- c. If, after notice of termination of this contract under provisions of this clause, it is determined for any reason that the vendor was not in default under the provisions of this clause, or that the default was excusable under the provisions of this clause, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to a termination for convenience.

22. TERMINATION FOR CONVENIENCE

The contract may be terminated by FCPS in accordance with this clause in whole, or in part, whenever FCPS determines that such a termination is in the best interest of FCPS. Written notice shall be given a minimum of 30 days in advance. FCPS will pay for all services, in accordance with contract pricing, up to the date of the termination.  - ii. Maintenance trimming/pruning shall include but not be limited to the removal of dead, dying, diseased, decaying, interfering, objectionable, obstructing, and weak branches. The removal of such described branches shall include those both on the main trunk and within the crown. Maintenance trimming / pruning / removal must follow the most recent ANSI Z133.1 and A-300 standards and include the following:
 - a) All cuts must be made as close as possible to the trunk or parent branch, without cutting into the branch collar or leaving a protruding stub. Bark at the end of all pruning cuts should remain firmly attached.

 - d) Climbing hooks or spurs shall not be used so as to avoid damage to the bark or cambium layer of the plant.

All diseased wood or chips will be removed from the site by the Contractor.
 - h) To preserve symmetry and the aesthetic appearance of the tree when trimming, the Contractor shall endeavor to under-prune where practical, rather than remove entire branches back to the trunk or parent branch. If, however, the limb cannot be cut back to a proper branch union that is at least one third (1/3) the diameter of the limb being removed, the entire limb shall be removed. Also, no limb shall be cut back to another limb that is at a 90 degree angle from the limb being removed.
 - i) All trees and shrubs whose branches block the view of oncoming traffic shall be trimmed back far enough to allow the clear view of oncoming traffic.
 - j) All branches obstructing the view of traffic control devices (i.e. signs) must be trimmed/removed as needed to create a clear line of sight.
 - k) Trimming for obstruction clearance must allow for one year's normal growth.
 - l) Crown reduction pruning may be necessary where there has been significant crown dieback, prior incorrect pruning or severe storm damage. Crown reduction pruning is the reduction of top, sides, or individual limbs by means of removal of the leader or longest portion of a limb to a lateral no less than one third (1/3) of the total diameter of the original limb.
 - m) All attempts should be made to prune the tree to a shape typical of the species. Remove branches in such a manner as to leave the foliage pattern evenly distributed. In general, the top of the crown is to be higher than the sides to maintain a tree-like form.
 - n) Minimally sufficient limbs will be removed to achieve the desired effect without admitting too much sunlight to the trunk or the top side of large branches.
 - o) rimming, pruning and branch clean-up performed in the event of an emergency will be paid at the emergency/off-hours hourly rate which must be fully inclusive of all equipment, labor, personnel, travel, tools, fuel and overhead associated with the provision of a two man crew for the performance of work.

No additional hourly rate will be paid for tree removal, however, a premium per tree charge may be applied in the event of tree felling during emergency/off-hours. Additionally, tree felling prices are requested in two ways: one, for situations where a tree can be simply felled and two, where conditions require a tree to be topped and felled, necessitating additional time, labor and equipment. Contractor and FCPS must be in agreement regarding the necessary method of removal in advance of performance.
- ii. FCPS will secure all permits at no cost to the Contractor, such as the Department of Natural Resources Maryland Forest Service Tree Permits, if necessary.
- iii. FCPS shall obtain consent or permission for the necessary work from the property owner or public authorities having ownership or control over each tree to be removed, pruned, and/or maintained.

No additional hourly rate will be paid for stump grinding. Stump grinding services will only be performed during normal business hours, there is no anticipated instance by which stump grinding would be required on an emergency basis after hours.
- ii. The Contractor shall be responsible for contacting Miss Utility to ensure utilities are marked prior to the start of work.
- iii. Stumps are to be ground out to a minimum depth of 6" inches below the finish grade of turf. Full depth grinding may be required by the FCPS designee where replacement trees are to be planted at the site. Stumps which require full depth grinding may be invoiced at up to twice the submitted bid price, at the discretion of FCPS.
- iv. All exposed surface roots extending from the stump are to be ground until no longer visible. Stumps which, in the opinion of the FCPS designee, have excessive surface roots which require grinding to restore finish grade may be invoiced at the unit price for the next larger size class. The determination of excessive surface roots is made solely by the FCPS designee and that decision will be final.
- v. The Contractor will leave a sufficient supply of chips to backfill the hole at 3" inches above finish grade to allow for settlement. All excess chips will be removed and disposed by the Contractor unless otherwise permitted by the FCPS designee.
- vi. Any potential conflicts with utilities either above or below ground are the responsibility of the Contractor to identify prior to excavation. Any utility damage and associated costs resulting from stump grinding are the responsibility of the Contractor.
- vii. Any damage to sidewalks or any other improvements on either private or FCPS property shall be the Contractor's responsibility to repair or replace to the owner's satisfaction.

viii. Payments will be based upon the diameter of the stump at the final cut. The diameter is determined by the FCPS designee to be the average of the longest diameter distance across the stump and the diameter taken along the right angle at the mid-point of the longest measurement.

e. Maintenance of Traffic:

- i. Though there will likely be minimal traffic on FCPS property during the performance of work, maintenance of traffic is considered incidental to the tree maintenance operation and shall be included in the stated hourly rate for the service being provided by the Contractor. No additional compensation will be paid by FCPS to the Contractor for maintenance of traffic.
- ii. The safety of the travelling public is paramount. The Contractor will perform all maintenance of traffic as described in Part 6 of the Manual on Uniform Traffic Control Devices (MUTCD) www.mutcd.fhwa.dot.gov and in accordance with FCPS standards.
- iii. The Contractor shall provide all required signs, stands, cones, and/or traffic drums.

f. Cleanup:

- i. The Contractor shall be responsible for keeping the work area clean at all times. All residual debris generated from the tree maintenance shall be removed by the Contractor at the end of each work day.
- ii. All work areas shall be remediated to their existing state prior to the performance of work. This includes, but is not limited to; sweeping the roadway of debris, removing debris and raking lawn areas.
- iii. At the end of each workday, the Contractor will remove all equipment, vehicles, tools and other associated items belonging to the Contractor. FCPS will not be responsible for any theft, vandalism or damage resulting from the Contractor's equipment left on site.

CERTIFICATION OF COMPLIANCE

1. All Contractors, subcontractors or vendors must abide by FCPS Board policies and regulations while working on FCPS property.
2. Maryland Law requires that any person who enters into a contract with a county board of education may not knowingly employ an individual to work at a schools (or FCPS facility) if the individual is a registered sex offender. Please reference §11-113 of the Criminal Procedure Article of Maryland Code for penalty.
3. Be advised that individuals who are registered sex offenders are not eligible to work on any FCPS project. The Contractor must initially check the Maryland Department of Public Safety & Correctional Services' MARYLAND SEX OFFENDER REGISTRY and search for the name of any employee to be assigned to work on this project. This applies to subcontractors and material/equipment suppliers as well.
4. In the event that a registered sex offender is discovered to be working on a FCPS project, whether through employment by the prime Contractor, subcontractor or vendor, the site superintendent will immediately remove the individual from the premises and permanently terminate his work assignment. FCPS may terminate this contract as a result if the Contractor is unable to demonstrate he has exercised care and diligence in the past in checking the Maryland registry.
5. Effective July 1, 2015, amendments to §6-113 of the Education Article of the Maryland Code further require that a contractor or subcontractor or vendor for a local school system may not knowingly assign an employee to work on school premises with direct, unsupervised, and uncontrolled access to children, if the employee has been convicted of, or pled guilty or nolo contendere to, a crime involving:

 - c. A crime of violence as defined in §14-101 of the Criminal Law Article of the Maryland Code or any other State
