

An aerial photograph showing the Ballenger Creek Elementary school campus and its surroundings. The school building is a large, multi-winged structure with a grey roof and some orange-brown sections, outlined in red. A small green square is located on one of the orange-brown sections. To the right of the school is a large parking lot. Further right is a residential area with several streets: Castle, Rooks, Kingscrest, Kingsbrook, Earles, and Regal. The residential area includes houses, parking lots, and a swimming pool. A yellow line outlines the boundary of the school's 8.75-acre total area. A white line points from a text box to a specific area within the school's boundary.
