7. STANDARD OF QUALITY, "OR EQUAL CLAUSES," AND SUBSTITUTIONS

- a. Any make/model specified in the solicitation is used only to establish a quality level, unless specifically noted in Section II. Any material or article that will perform adequately the duties imposed by the general design will be considered equal and satisfactory. FCPS retains the right to determine if items are equivalent and will be accepted.
- b. It will be the responsibility of the bidder to submit a clear and concise proposal wherein each substitution and deviation is identified and described, in writing, at the time of solicitation submission.
- c. In the absence of any statement to the contrary by the bidder, the submission will be interpreted as being the exact brand and/or qualities, etc., enumerated in the detailed specifications, whenever the specifications indicate a product of a particular manufacturer, model or brand.
- d. Bidders must submit detailed literature if bidding an item other than the specified item. Detailed literature is defined as product features or specifications relating to construction and/or performance.

- e. The detailed literature is to be arranged and labeled according to item number.
- f. It is the bidders' responsibility to submit required literature, or links to webpages, with the bid submission. Failure to submit such data as required and/or at the time designated by the Purchasing Department shall be cause for rejection of that item.
- g. No substitutions or deviations will be permitted following the award of the contract unless "cause and effect" is presented in writing and approved by the Contract Manager. A statement of any credit or extra cost involved will be included with the request.
- h. FCPS shall not be responsible to provide personnel, testing facilities, or other resources necessary to search out substitutions and deviations in bid proposals which are unclear through the nebulous terms such as "comparable", or blanket statements of deviation such as "our standard design, construction, hardware, finishes, etc."
- i. The bidder will, upon request and with no cost to the FCPS, furnish documents, independent laboratory tests reports, and/or similar materials of proof to substantiate that the substitutions and deviations of the items they propose to furnish do not prevent these items from being truly and factually equal to, or exceeding, that which is specified.
- j. The cost of testing a representative sample of an order or shipment for acceptance and compliance with specifications shall be borne by FCPS. If the order or shipment is rejected for failure to meet the requirements of the specifications or purchase description, the cost of testing will be charged to the awarded vendor.

8. SAMPLES

- a. Samples may be requested for testing and evaluation purposes. Failure to submit samples as required at the time designated may be cause for rejection of that item.
- b. All samples must be delivered with all charges prepaid to the designated point of delivery. Samples must be marked as "SAMPLE" and include the name of the bidder, bid name and number, and return instructions, if applicable.
- c. The right is reserved to retain any sample submitted with bids for the purposes of examination and testing. - b. All prices shall be firm for a period of 90 days from the date of bid opening unless otherwise stated in Section II. FCPS retains the right, with mutual consent of the bidder(s), to utilize the bid pricing

and approved price changes for future purchases for as long as the bidder(s) mutually agrees to extend the prices.

- c. FCPS will not accept any proposal with escalator clauses, minimum order requirements or irregular features unless specifically authorized in Section II.
- d. If the contract includes equipment, all prices must be FOB-Destination (inside delivery), unless specifically authorized in Section II.
- e. Charges for express delivery will only be allowed if authorized by FCPS in writing.
- f. The bidder(s) are encouraged to bid only one product per line item that most nearly meets the specifications. If the bidder believes that there is more than one product available, a limit of two offers will be considered for each line item.
- g. If two or more particular brands, models, or makes are listed in the specifications (under Base and Alternate Bids) and the bidder has not indicated in the bid which of the two or more brands, models, etc., is being bid, it shall be understood that FCPS may require the bidder to furnish whichever is preferred by FCPS.
- h. All unit prices on items bid shall be completed on the provided proposal sheet(s). A "NO BID" or "N/A" notation should be completed for each item not being bid. Blank spaces in the proposal sheet will be considered as not being bid.
- i. In case of an error in the extension of prices in the bid, the unit price shall govern.
- j. Unit Prices must be rounded off to no more than two decimal places unless so specified in Section II.
- k. FCPS reserves the right to consider discounts in evaluating a bid with line item pricing requirements. The bidder should calculate all discounts, other than prompt payment, as part of their unit pricing.

- b. If, within the guarantee period, any defects or signs of deterioration are noted, the awarded vendor(s), at their expense, shall correct the condition or they shall replace the part or entire unit of work/equipment to the complete satisfaction of FCPS. These repairs, replacements, or adjustments shall be made only at such times as will be designated by FCPS to minimize the disruption to building/school operations.

13. ERRORS IN BID SUBMISSIONS

- a. Bidders, or their authorized representatives, are expected to fully inform themselves as to the conditions and requirements of the specifications before submitting bids. Failure to do so will be at the bidder's own risk.
- b. If the bidder has made an error, the bidder may request, in writing, to have their bid withdrawn. Approval of a bidder's request is not automatic and may be given only by the Purchasing Manager. Requests for withdrawal are usually denied, unless the bidder proves to the satisfaction of the Purchasing Manager that the mistake was either a scrivener's error or another type of clearly unintentional error so departing from customary and reasonable business practices as to be obvious and to legitimately and substantially impair the vendor's business.
- c. Neither law nor regulations make allowance for errors either of omission or commission on the part of the bidders. In case of error in multiplication of unit price when arriving at total price per line item, the unit price shall govern. If there is a discrepancy between the price written in numbers and the price written in words, the words will govern.

14. AWARDS OR REJECTION OF BIDS

- a. The basis of award shall be the lowest responsible bidder submitting a responsive bid that conforms to the specifications established in the solicitation with consideration given to the quantities involved, time required for delivery, purpose for which required, competency and responsibility of bidder, the ability of the bidder to perform satisfactory service, and the plan for utilization of minority contractors, if applicable.
- b. FCPS reserves the right to determine completeness and/or timeliness of bids, to reject any or all bids in whole or in part, to make partial awards, to waive any informality in any quotation, to increase or decrease quantities if quantities are listed in the bid, to reject any bid that shows any omissions, alterations of form, additions not called for, conditions, or alternate proposals, and to make any such award as is deemed to be in its best interest.
- c. Bidders may be required, before the awarding of a contract, to show to the complete satisfaction of FCPS, that they have the necessary facilities, ability and financial resources to execute the contract in

- e. Unless stated otherwise in Section II, the contract may be awarded by line item, group, or in the aggregate, whichever is in the best interest of FCPS.
- f. In the event of a tie, where all other factors, such as past performance, are considered comparable, the award shall be made to the Frederick County based bidder; the closest Maryland out-of-county based bidder; and the closest out-of-state based bidder, in that order of preference.
- g. FCPS does not have local, state or federal preference requirements except when mandated by a targeted funding source.
- h. If, after competitive sealed bids have been opened, the Purchasing Manager determines that only one responsible bidder has submitted a responsive bid, the procurement contract may be negotiated with that one bidder as sole source procurement.
- i. A recommendation for the award of a contract will be presented to the Board of Education of Frederick County for approval. Upon approval of the award of contract, the bidder(s) shall be notified of their award(s). If applicable, an FCPS contract document shall also be issued.
- j. The Board of Education of Frederick County reserves the right to reject the bid of a bidder who has, in the opinion of FCPS, failed to properly perform under previous contracts, or, who investigation shows, is not in a position to perform the contract.

- c. A secondary form of contract, if required, may be noted in Section II of this bid solicitation.
- d. No amendment, modification or change to the contract shall be effective unless such change is in writing and mutually agreed upon by authorized representatives of FCPS and the awarded vendor(s). Changes may not significantly alter the original scope of the agreement.

16. PROTESTS

 - iii. A bidder who does not file a timely protest before the contract is awarded by the Board of Education of Frederick County is deemed to have waived any objection.
- b. The Purchasing Manager shall inform the Chief Financial Officer and/or general counsel upon receipt of the protest, and shall confer with them prior to the issuance of a decision regarding disputes of contracts or awards valued at \$25,000 or above.
 - c. The Purchasing Manager shall issue a decision in writing.
 - d. Should the protestor disapprove of the Purchasing Manager's decision, they have the right to address the Board of Education of Frederick County during the public comment section of the same Board meeting where the award recommendation is scheduled for award.

17. CONTRACT ASSIGNMENT

- a. The awarded vendor(s) will not assign or transfer any portion of their interest or obligation under this Agreement to any third party, without the prior written consent of the Contract Manager. Nothing herein shall be construed to create any personal or individual liability upon any employee, officer, elected official of the Board of Education of Frederick County, nor shall this Agreement be construed to create any rights hereunder in any person or entity other than the parties to this Agreement.
- b. The awarded vendor(s) will, when required, submit to the Contract Manager, in writing, the name of each subcontractor they intend to employ, the portion of the material to be furnished, their place of business, and any such information as may be required in order to know whether such subcontractor is reputable and reliable and able to furnish satisfactorily the material as called for in the specifications.
- c. FCPS reserves the right to approve or disapprove all subcontractors to be employed on a project. FCPS further reserves the right to approve or disapprove a change of subcontractor once an initial subcontractor has been approved. Any increased cost associated with the change of a subcontractor shall be the full obligation and responsibility of the awarded vendor(s).

- d. The awarded vendor(s) will not legally, or equitably, assign any of the funds payable under the contract, or its claim thereto, unless by, and with, the consent of the Contract Manager.
- e. The awarded vendor(s) will have the same provisions inserted in all subcontracts relative to the terms of the general conditions and other contract documents. Nothing contained in this contract shall create any contractual relations between any subcontractor and FCPS.

18. MULTI-YEAR CONTRACT

- a. Contracts that require funding appropriation for more than one fiscal year automatically terminate if money sufficient for the continued performance is not appropriated for any fiscal year. The date of termination is the last day of the fiscal year for which money was last appropriated, or the date provided in the termination clause of the procurement contract, whichever is earlier.
- b. If the multi-year contract is terminated due to lack of funding, FCPS shall reimburse the vendor for the reasonable value of any nonrecurring costs that were incurred as a result of the multi-year contract, but not amortized in the price of the supplies or services delivered under the multi-year contract. The reasonable value will be negotiated, and mutually agreed upon, by FCPS and the vendor.
- c. The cost of termination may be paid from any appropriation available for that purpose.

19. HOLD HARMLESS

It is understood that the awarded vendor(s) shall defend and hold harmless the Board of Education of Frederick County, and its representatives, from all suits, actions, or claims of any kind brought about as a result of any injuries or damages sustained by person(s) or property during the performance of this contract.

20. CONTRACT DISPUTES

- a. Any dispute arising under this contract shall be decided by the Contract Administrator, the Contract Manager and the Purchasing Manager, who will communicate their decision to writing and furnish a copy to the vendor. This decision shall be final and conclusive unless, within 30 days, the vendor furnishes a written appeal addressed to the Board of Education of Frederick County. The local Board of Education has the right to hear appeals as provided by Maryland law.
- b. The Board of Education of Frederick County, or its duly authorized representative, will review the appeal for the determination of such appeal and their finding shall be final and conclusive. In connection with any appeal preceding under this clause, the vendor will be afforded an opportunity to be heard and to offer evidence in support of his appeal. Pending final decision of a dispute, the vendor shall proceed diligently with the performance of the contract and in strict accordance with the FCPS staff's decision. Exceptions are decisions determined by a court of competent jurisdiction to have been fraudulent, capricious, arbitrary, or so grossly erroneous as to imply bad faith, or not supported by evidence.
- c. This clause does not preclude consideration of laws questioned in connection with the decision provided for above.

21. TERMINATION FOR DEFAULT

 - iii. If the vendor willfully attempts to perform the services other than specified as to coverage, limits, protections, and quality or otherwise, without specified authorization in the form of contract amendment, or:
 - iv. If a determination is made by FCPS that the obtaining of the contract was influenced by an employee FCPS having received a gratuity, or a promise therefore, in any way or form.
- b. In the event FCPS terminates the contract in whole or in part, FCPS may procure such products and services, in a manner the Purchasing Manager deems appropriate, and the vendor shall be liable to FCPS for any additional cost(s) incurred.
- c. If, after notice of termination of this contract under provisions of this clause, it is determined for any reason that the vendor was not in default under the provisions of this clause, or that the default was excusable under the provisions of this clause, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to a termination for convenience.

22. TERMINATION FOR CONVENIENCE

The contract may be terminated by FCPS in accordance with this clause in whole, or in part, whenever FCPS determines that such a termination is in the best interest of FCPS. Written notice shall be given a minimum of 30 days in advance. FCPS will pay for all services, in accordance with contract pricing, up to the date of the termination. However, the awarded vendor(s) shall not be reimbursed for any anticipatory profits that have not been earned up to the date of termination. Agencies who utilize the contract agree to notify FCPS Purchasing Department of any significant experiences, problems or issues which may, or may have the potential to, affect our administration of this contract.
- c. FCPS assumes no obligation on behalf of any other agency and shall be held harmless if either party is damaged due to the agency or vendor's failure to become informed of, or comply with, any provision or pricing under this agreement. All purchase orders and billing will be transacted between the vendor and the public agency.
- d. Each participating jurisdiction or agency shall enter into its own contract with the awarded vendor(s) and this contract shall be binding only upon the principals signing such an agreement. A compliance audit may be conducted.

38. STUDENT/STAFF CONFIDENTIALITY

Under no circumstances may any vendor/contractor/provider/consultant release, disclose, sell or otherwise use names, addresses, or any other information related to students, or staff, of FCPS and may only use this information for purposes required under any contract/agreement or memorandum of understanding.

39. PUBLIC INFORMATION ACT NOTICE

- a. Bidders should identify those portions of their solicitation, which they deem to be confidential, or to contain proprietary commercial information or trade secrets. Bidders should provide justification why such material, upon request, should not be disclosed by FCPS under the Public Information Act, Title 4, General Provisions Article, Annotated Code of Maryland.
- b. Unless portions of a solicitation are identified as confidential, all records are considered public. A person or governmental unit that wishes to inspect a public record, or receive copies of a public record, shall submit a written or electronic request and direct it to the Office of Legal Services per FCPS Regulation 200-42.

40. FORCE MAJEURE

Force Majeure is defined as an occurrence beyond the control of the affected party and not avoidable by reason of diligence. It includes the acts of nature, war, riots, strikes, fire, floods, epidemics, terrorism, or other similar occurrences. If either party is delayed by Force Majeure, said party shall provide written notification to the other within 48 hours. Delays shall cease as soon as practicable and written notification of same provided. The time of contract completion may be extended by contract modification, for a period of time equal to that delay caused under this condition. FCPS may also consider requests for price increase for raw materials that are directly attributable to the cause of delay. FCPS reserves the right to cancel the contract and/or purchase materials, equipment or services from the best available source during the time of Force Majeure, and the vendor shall have no recourse against FCPS. Further, except for payment of sums due, neither party shall be liable to the other or deemed in default under this contract, if and to the extent that such party's performance of this contract is prevented by reason of Force Majeure as defined herein.

41. ETHICS POLICY

42. NON-COLLUSION

- a. Bidder represents and certifies that prices for these services have been arrived at independently without consultation, communication, or agreement for the purpose of restricting competition or any matter related to such prices with any competitor or other bidder. Prices quoted in this bid have not been knowingly disclosed directly or indirectly to any competitor or other vendor prior to the opening of this bid.
- b. Bidder represents and certifies that it has not employed or retained any other company or person (other than a full-time bona fide employee working exclusively for the bidder) with the primary

intent to solicit or secure the contract.

43. CONFLICT OF INTEREST

The bidder will advise FCPS in writing as soon as possible, but not later than the date of award of the contract, of any known relationships with a third party, or FCPS employee or representative, which would present a significant advantage to one bidder over another bidder or present a conflict of interest with the rendering of products and services under this agreement.

44. EMARYLANDMARKETPLACE REGISTRATION

Contractors are required to register with www.eMarylandMarketplace.org within five days following notice of award. Maryland law requires local and state agencies to post award notices on eMaryland Marketplace. This cannot be done without the contractor's self-registration in the system. Registration is free. Failure to comply with this requirement may be considered grounds for default. It is recommended that any interested bidder register with eMaryland Marketplace regardless of the award outcome for this procurement as it is a valuable resource for bid notification for municipalities through Maryland.

- d. In the case of inclement weather, or an emergency that threatens the loss or damage of property or life safety, the vendor will be allowed to act in a diligent manner without instructions from FCPS. The vendor will notify the Contract Administrator of their actions as soon as possible. Any claim for compensation by the vendor due to such extra work will be submitted promptly to FCPS for approval.

13. INSPECTIONS AND CORRECTION OF WORK

- a. All work, all materials, whether incorporated into the work or not, all processes of manufacture, and all methods of construction will be, at all times and places, subject to the inspection of FCPS, whose representatives shall be the final judge of the quality and suitability. Should these fail to meet this approval they will be forthwith reconstructed, made good, replaced and/or covered, as the case may be, by the vendor at their own expense. Rejected material will be removed immediately from the site. If, in the opinion of FCPS, it is undesirable to replace any defective or damaged materials, or to reconstruct or correct any portion of the work, the compensation to be paid to the vendor shall be reduced by such amount as in the judgment of FCPS shall be equitable.
- b. If the specifications, laws, ordinances, or any public authority require any work to be specially tested or approved, the vendor will give FCPS timely notice of its readiness for observations. If the inspection is by another authority, the vendor will notify FCPS of the date fixed for such inspection and shall use the required Certificate of Inspection.

14. SPECIFICATIONS

a. Pneumatic Tire Retreading for Bus and Truck Tires

i. **Type of Tread/Selection of Casings**

All recapping shall be mud, snow or all-weather design, suitable for surface road use and shall comply with federal, state and local noise performance standards. The quality of tread rubber shall be as specified. The contractor shall be responsible for selection of casings. All casings shall be recapped using the pre-cure method.

Casings older than five years and/or have been recapped twice previously, will be rejected. However, FCPS may make an exception to this general rule, in writing, on an individual case-by case basis.

b. **Type of Process**

For the purpose of this bid, recapping process is classified as pre-cure method. Only a full cap or top-cap recap shall be accepted.

c. **Undertread**

The rubber between the base of the tread design and the buffed carcass, known as undertread, shall be equal to or not less than 20% of the tread depth of the retreaded tire. The tread depth of the retreaded tire shall be no less than that specified for the applicable size listed in the attached item specifications.

d. **Tread Depth Requirements**

The minimum tread depth for FCPS shall be 22/32".

e. **Rubber Compound**

Only a Tier 1 rubber retread compound will be accepted.

f. **Minimum Retread Process Specifications**

FCPS shall list all casings to be retreaded by brand, serial number, and size. All casings shall remain the property of FCPS and be returned to FCPS. The following minimum process specifications shall be utilized:

i. **Initial Inspection**

Only a certified operator shall inspect casing. To aid in determining casing integrity, the retreading plant shall use visual, **electronic and bead to bead** shearography casing inspection equipment. The inspection shall include placing the tire on a mechanical spreader under adequate lighting and distortion of the natural contour sufficient for visual inspection. Casings accepted for retreading shall not contain any of the following:

- a) ply separation,
- b) broken, damaged, kinked, or exposed bead wire,
- c) injuries to plies in the bead area,
- d) flex breaks,
- e) loose cords on the inside ply,
- f) evidence of overload, under-inflation or run flat,
- g) tread separations which cannot be removed during buffing,
- h) sidewall separation,
- i) weather cracking extending into the body piles,
- j) non-repairable damage to the inner liner or bead seating area on a tire designated as tubeless,
- k) nail hole or injuries of sufficient sizes and numbers that cannot be repaired using acceptable commercial practice and/or

l) radial belt separations.

ii. After Inspection

Upon completion of the initial inspection, if a tire is found to be unacceptable for retreading or repair, the awarded bidder shall provide a written return-as-received (RAR) report, explaining why tires were not accepted for processing.

iii. Samples After Award

FCPS reserves the right to request random rubber samples to submit to recognized independent agencies for evaluation. In the event of evaluation, failure to meet material specifications may result in termination of the contract for default. Such termination may include debarment from the FCPS bid list for two years.

a. Mold Flash/Rejected Recaps

Completed products must meet and/or exceed the requirements of latest issue of Federal Specifications ZZ-T-441. Prior to delivery retreaded tires shall be trimmed of mold flash and mold vent extrusions and shall be painted in accordance with accepted industry practice. Any evidence of inferior workmanship, defect or imperfection is reason for rejection of the retreaded tire at the contractor's expense. Some physical reasons for rejection are as follows:

- i. ply, tread, sidewall separation,
- ii. tread folds or tread element rounding, with radial over 1/2 of tread depth or over 1" long,
- iii. mold folds or mold tearing,
- iv. sidewall light or thin areas,
- v. off register treads; radially off register, and/or mold section misalignment on the periphery,
- vi. balance defect,
- vii. off-center treads,
- viii. smooth area in tread caused by use of spacer with no design,
- ix. smooth area in tread caused by use of spacer with no design configuration,
- x. soft, porous, or incomplete cure (tread hardness) and/or
- xi. mold flash in excess of .002".

Special Note:

Many recapped or repaired tires suitable for use on commercial or other vehicles are not acceptable for use on school buses used to transport children. Some visual causes for rejection follow:

- i. tires appear to have irregular treads,
- ii. excessive mold extrusions,
- iii. uncured rubber,
- iv. sidewall defects and/or
- v. any visual irregularity or defect

Tires having any of these defects shall be rejected. FCPS personnel responsible for receiving recapped or repaired tires will be cautious in their inspection process to detect any recap or repair having the characteristics indicated above.

b. Buffing

The buffed carcass shall be buffed to dimensions compatible with the retread

system used. The worn tread surface shall be removed to a symmetrical profile in accordance with procedure specifications. The buffed area of the carcass shall be free of contamination and oxidation. All buffing shall be done on an inflated buffer. Tread surface preparation involving skives will not be considered if penetration is through the first belt package.

The casings utilizing pre-cured tread shall be buffed to the width that is appropriate to the fixed dimensions of the pre-cured tread rubber specified. Carcasses being prepared for recapping shall be buffed to a texture as outlined by the Rubber Manufacturer's Association.

Texture Specifications numbered four or five. The buffing radius shall be a minimum of 18" to 22".

No buffing marks shall be visible beyond the edge of the recapping tread.

c. **Cementing**

Buffed casings to be cemented shall be clean and free of foreign materials such as buffing dust, oil, dirt, etc. Cementing shall be accomplished within a maximum of one hour after buffing, but not before the tire has cooled to ambient temperature. Buffed tires stored longer than one hour shall be reworked prior to cementing.

d. **Building**

All tires must be inflated at running rim dimensions. The tread rubber shall be centered on the buffed circumference of the tire. Tread pattern interruption shall be minimized at the tread splice. The cut ends of tread shall have a roughened texture over the entire surface and shall be free of contamination. The splice shall be cured using suitable bonding material. Tread stretch requirements and building tolerances shall meet the requirements of the materials and equipment used. The tread width used shall be determined by the requirements of the casing. The maximum acceptable width shall be used unless otherwise requested.

e. **Curing**

Envelopes, diaphragms or sealing ring devices used to cure the tire shall be free of leaks and defects. Curing procedures include specifications on curing time, temperature and pressure. All tires cured at temperatures not exceeding 212°F.

g. **Minimum Repair Process**

Tire repairing services shall be performed using prescribed methods and tools. Operators must be trained to industry recognized standards. Final determination of repair ability, type of repair and repair material shall be made after skiving and inspection, in accordance with the recommended tables and criteria of the manufacturer. All materials used to repair tires shall be compatible.

Radial Tire Repair:

1. **Nail Holder Repair**

Any number of nail holes may be repaired in the repairable area of a radial tire as long as the repairs do not touch. Injuries 3/8" (9mm) or smaller in the crown area shall be repaired. If the injury is larger than 3/8" (9mm) in the crown area after the damage has been removed; the tire will require a section repair.

***FCPS will not accept sidewall section repairs.**

2. **Section Repair**

Section repairs may be made in the repairable area of a radial tire as long as the repairs do not touch. Section repairs shall not be made to the sidewall of any tire. The tire operating position and the cost of installing section repairs shall be considered when determining the repair of a radial tire. All section repairs shall be limited in size as specified by the published industry standards. All repairs in tubeless tires shall be covered with a repair sealant material.

3. **Bead Repair**

FCPS will not accept bead repair to any tire.

4. **Spot Repair**

FCPS will not accept spot repair to any tire.

h. Final Inspection

The retreader shall make a final inspection of the retreaded tire. The inside of the tire shall be checked on a tire spreader with adequate lighting to ensure that nail holes, reinforcement repairs, skives and section repairs are properly handed and cured. Tires shall carry a code number on the sidewall indicating where and when the tire was retreaded. If the retreaded tire shows any defects, which will result in less than optimum performance, the retread shall be rejected and reworked at no additional cost to FCPS. The defective tires will be disposed of by FCPS.

A light coat of tire paint shall be applied to all finished tires.

i. Rejection Procedures

All tires rejected for retreading by the bidder shall be returned to FCPS at the original pick-up location. Rejected tire shall be clearly marked as having been rejected and returned with a report stating the reason(s) for the rejection.

j. Testing

FCPS reserves the right to select one tire from each delivery made throughout the contract term to subject that tire to inspection and tests, which will determine whether it conforms to all requirements of the contract. This inspection may include the cutting open, mutilation or destruction of the chosen tire.

Upon inspection and testing, if the tested tire meets all requirements of this contract and the industry standard, FCPS will accept the delivery and pay for the tested tire. However, if tests find the tire to be defective, imperfect or in some regard not meeting requirements, FCPS will not accept or pay for the tested tire or other tires from the same delivery.

Failure of the awarded bidder to comply with specifications or terms of the contract or failure of a tested tire to meet specifications of the contract will be sufficient cause to penalize the awarded bidder according to the contract terms. This penalty may include debarment for a period of two years.

k. Product Warranty/Guarantee

The awarded bidder agrees that the repair or retread services furnished shall be covered by the most favorable commercial warranties that the awarded bidder gives any customer for such services. In addition to this, and normal implied warranties, if the retread fails while in service, and the cause is faulty workmanship and/or materials, the tire shall be returned to the awarded bidder in accordance with the following scales:

- i. Tires failing before 50% of the retread is worn shall be refunded or a credit be issued at full cost. Tires failing beyond 50% of the retread shall be repaired or retreaded at the full expense of FCPS.

All tires repaired or retreaded hereunder shall be guaranteed against defects in materials and workmanship for the tread life of the tire. For the purpose of this clause, tread life is the period of wear between the original tread design depth and when the remaining tread design depth measures 3/32". Tread design depth shall be determined by measurements taken at three points within each tire groove and equally spaced around the circumference of the tire, and the results averaged.

If a tire is found to be defective in material or workmanship, such tire shall either be repaired or retreaded again at the bid contract price, prorated on remaining tread design depth, in excess of 3/32". Should a defective condition develop in the tire body or carcass, which prevents retreading or repairing again, FCPS will not accept the tire. If the defect occurs as a result of the awarded bidder's error, FCPS shall receive either a refund or a credit toward future orders for retreading or repairing service.

l. Pickup and Delivery

Contractor shall pick up carcasses to be recapped and deliver back to FCPS upon completion. Awarded bidder shall pick up casings and return retreaded tires and rejects within seven calendar days after receipt of order. The pick-up and return shall occur twice weekly between the hours of 7:00 a.m. and 1:00 p.m. All tires must be tracked from pick up through delivery using a permanent bar code system.

m. Retreading Facility

Equipment used to retread tires shall be of modern design, in good working order, and capable of producing a tread design of good appearance, dimension, and performance. Tires will be repaired and retreaded using acceptable industry recognized procedures to include visual, **electronic and bead to bead** shearography casing inspection equipment. Retreading shall have essentially the same shoulder design and dimensions as a tire has when new. The retread facility shall have an operating procedure conforming to those established by the Tire Retreading Institute, Retreading Industry Action Committee, American Retreader's Association, or other recognized procedures. Such procedures shall include:

1. condition of casings,
2. inspection and casing grading procedures (sequence and scope of inspections),
3. buffing,
4. cementing,
5. tread rubber application,
6. curing,
7. trimming and finishing and
8. final inspection.

n. Pneumatic Tires

The retreaded tires and all component parts thereof shall be designed to give satisfactory service when installed on vehicles or other tire using equipment of the Board of Education's, and when operated under conditions for which they were designed. Servicing, adjustment, and replacement

shall be readily accomplished under various field conditions.

1. All retreaded tires shall properly fit standard rims recommended for the tires.
2. Each retreaded tire shall consist of the component parts described. Deviations there from in accordance with the manufacturer's standard practice shall be permitted when such deviations result in a tire suitable for the intended purpose, and have been approved by the processing agency.
3. The tread and tread design shall be suitable for:
 - a) minimizing skidding,
 - b) resisting abrasion and
 - c) protecting the carcass from injury.
4. Skid depths shall not be less than that of tires currently supplied to the original equipment manufacturers.
5. Each proposal shall contain the complete name of the retreading method on which he is bidding. Only those retreaded tires having current tread design will be accepted on this contract. Discontinued tread designs will not be acceptable.

o. Discontinued Tread Design

For the purposes of this contract, FCPS requires a similar tread design to that which is currently in use. In the event that a tread design is discontinued, the awarded bidder shall continue to provide the same tread design as originally awarded until an acceptable replacement has been tested and approved by FCPS in writing to the awarded bidder.

QUOTE 19Q1, TIRE RETREAD SERVICES
CERTIFICATION OF COMPLIANCE

1. All Contractors, subcontractors or vendors must abide by FCPS Board policies and regulations while working on FCPS property.
2. Maryland Law requires that any person who enters into a contract with a county board of education may not knowingly employ an individual to work at a school (or FCPS facility) if the individual is a registered sex offender. Please reference §11-113 of the Criminal Procedure Article of Maryland Code for penalty.
3. Be advised that individuals who are registered sex offenders are not eligible to work on any FCPS project. The Contractor must initially check the Maryland Department of Public Safety & Correctional Services' MARYLAND SEX OFFENDER REGISTRY and search for the name of any employee to be assigned to work on this project. This applies to subcontractors and material/equipment suppliers as well.
4. In the event that a registered sex offender is discovered to be working on a FCPS project, whether through employment by the prime Contractor, subcontractor or vendor, the site superintendent will immediately remove the individual from the premises and permanently terminate his work assignment. FCPS may terminate this contract as a result if the Contractor is unable to demonstrate he has exercised care and diligence in the past in checking the Maryland registry.
5. Effective July 1, 2015, amendments to §6-113 of the Education Article of the Maryland Code further require that a contractor or subcontractor or vendor for a local school system may not knowingly assign an employee to work on school premises with direct, unsupervised, and uncontrolled access to children, if the employee has been convicted of, or pled guilty or nolo contendere to, a crime involving:
 - a. A sexual offense in the third or fourth degree under §3-307 or §3-308 of the Criminal Law Article of the Maryland Code.
 - b. Child sexual abuse under §3-602 of the Criminal Law Article of the Maryland Code or any other State;
or
 - c. A crime of violence as defined in §14-101 of the Criminal Law Article of the Maryland Code or any other State
6. Under recent amendments to §5-561 of the Family Law Article of the Maryland Code, each contractor, subcontractor or vendor shall certify by signing this affidavit that any individuals in its work-force including sub-contractors, have undergone a criminal background check, including fingerprinting, if the individuals will work in a FCPS school facility in circumstances where they have direct, unsupervised, and uncontrolled access to children.

By my signature below, I affirm under penalties of perjury that the contents of this Certification of Compliance are true to the best of my knowledge, information and belief.
