Beth Pasierb, Supervisor, Facilities Planning
Holly Nelson, AICP, Facilities Planner, Operations Division

Oakdale MS LOI RFP Responses to Questions

RFP # 19A4

Item #	Question	FCPS Response
1	Will this project need to be designed to achieve LEED Silver certification?	Please disregard previous response provided regarding LEED. This project will not be required to meet LEED Standards
2	Could you please confirm whether the SF330 is required for the Design/Builder firm and personnel or whether another format might be acceptable, as this is typically only required for A/E firms	Please disregard previous response regarding the forms. The Contractor should fill out form A305-1986 - Contractor's Qualification Statement, in it's entirety; the Architect of Record (AOR) should fill out form SF 330 Part 1 (all sections) only. In section C (Part 1) of form SF330, the entire project design team should be identified.
3	In reference to Addendum No.2 Question #10, please confirm the need for a hazmat consultant. Due to the age of the existing school, we would not typically anticipate encountering hazardous materials.	Hazmat consultant will not be required
4	The RFP mentions a need for a food service consultant. Will there be work relating to food services as a part of this contract, or will this addition be composed of primarily classroom spaces	This addition will be composed of primarily classroom spaces, and food service consultant will not be required.
