ADDENDUM 3
RFP 22T1, Occupational Physicals and Drug/Alcohol Testing Services

DUE DATE: August 12, 2021 at 2:00 P.M.

As a result of the release of *Addendum 2*, sent out July 28, 2021, we have provided an updated response to the below question.

1. Page 36, 11 A3. "thorough knowledge in collecting urine and blood samples to insure samples remain unadulterated." Is blood collection mandatory? Historically, how often is blood collected?

~~Blood collection is mandatory. While it is rarely used, in the event of an accident and a driver is unconscious and/or incapacitated, blood would need to be drawn in lieu of a urine collection for drug/alcohol testing.~~

We expect the selected vendor to be able to perform blood collection should the need arise under certain circumstances throughout the life of the contract. FCPS does not have historical data for blood collection.

Sincerely,

Shane Ryberg
