- g. FCPS does not have local, state or federal preference requirements except when mandated by a targeted funding source.
- h. If, after competitive sealed bids have been opened, the Purchasing Manager determines that only one responsible bidder has submitted a responsive bid, the procurement contract may be negotiated with that one bidder as sole source procurement.
- i. A recommendation for the award of a contract will be presented to the Board of Education of Frederick County for approval. Upon approval of the award of contract, the bidder(s) shall be notified of their award(s). If applicable, an FCPS contract document shall also be issued.

 6. The FCPS Human Resources Department will receive the state and federal background check results and maintain a copy.
 7. In the event the FCPS Human Resources Department receives a criminal background check which requires explanation by the contract service provider, the FCPS Human Resources Department will hold a conference (either by phone or virtually) directly with the contracted

service provider to determine if the individual would be detrimental to the safety of children and staff and/or if the nature of the crime is such that business operations would be at risk.

8. In the event the FCPS Human Resources Department deems a contract service provider's criminal background check to be unacceptable, the FCPS Human Resources Department will notify the contract service provider in writing of ineligibility to have regular, direct, and unsupervised access to FCPS students. The awarded supplier(s), or subcontractor(s), may not knowingly assign an employee to work on FCPS school premises with direct, unsupervised, and uncontrolled access to children, if the employee has been convicted of a crime identified as a crime of violence.

The fingerprinting and background process may change based upon direction from CJIS. If required, an awarded supplier(s) is responsible for payment of the full cost of the criminal background check.

- (A) Contracts for more than the simplified acquisition threshold currently set at \$250,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.
- (B) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be affected and the basis for settlement.
- (C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of “federally assisted construction contract” in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 CFR part 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.”

In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than

The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous.

These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

(F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of “funding agreement” under 37 CFR §401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency.

9. EXCEPTIONS TO SPECIFICATIONS

Respondent vendors taking exception to any part or section of this RFP shall indicate such exceptions on their proposal. Failures to indicate any exceptions shall be interpreted as the respondent vendor's intent to fully comply with all RFP requirements as written.

10. STATEMENT OF UNDERSTANDING

Vendors must acknowledge that they have read and understood all outlined points in this RFP, based on the information provided. Vendors are expected to respond to all attachments with due diligence by providing the requested information in the designated manner. Vendors must carefully detail the manner and degree by which the proposed system meets or exceeds each specification.

Vendors failing to respond to this RFP as prescribed will place themselves at a competitive disadvantage or be subject to disqualification at the discretion of FCPS.

FCPS deems the performance of a vendor on outstanding contracts to be of critical importance. Therefore, in the evaluation process for contract award, vendors with good performance ratings on existing accounts will be at a decided advantage while vendors with poor performance ratings may be at a decided disadvantage.

11. COLLUSION AMONG PROPOSERS

Multiple proposals from an individual, firm, partnership, corporation or association under the same or different names are subject to rejection unless specifically permitted in the solicitation. Reasonable grounds for believing that a proposer interested in more than one proposal for the work contemplated may result in rejection of all proposals in which the proposer is interested. Any or all proposals will be rejected if there is any reason for believing that collusion exists among the proposer. Participants in such collusion may not be considered in future proposals for the same work. Each proposer, by submitting a proposal certifies that it is not a party to any conclusive action. Nothing in this section will preclude a firm acting as a subcontractor to be included as a subcontractor for two or more prime contractors submitting a proposal for work.

However, a subcontractor may not submit a proposal as a subcontractor and for another proposer as a prime contractor.

12. PROPOSER INVESTIGATIONS

Before submitting a proposal, each proposer shall make all investigations and examinations necessary to ascertain all conditions and requirements affecting the full performance of the contract and to verify any representations made by FCPS that the proposer will rely upon. No pleas of ignorance of such conditions and requirements resulting from failure to make such investigations and examinations will relieve the successful proposer from its obligations to comply in every detail with all the provisions and requirements of the contract/agreement documents, or will be accepted as a basis for any claim whatsoever for any monetary consideration on the part of the successful proposer.

13. INDEMNIFICATION

The proposer shall reimburse, indemnify and hold harmless the Board of Education of Frederick County for all loss resulting from the negligence of the proposer in the performance of this contract, and for all loss to the Board of Education resulting from the non-performance thereof, except those losses otherwise specifically excluded by the Board of Education.

15. RIGHT TO NEGOTIATE

The evaluation/award process for submitted proposals is based on both scored technical and price responses—not solely on price. Therefore, FCPS may enter into negotiations with Proposers and invite “Best and Final Offers” as deemed in the best interest of FCPS. Negotiations may be face-to-face, via telephone, facsimile or written communications, or any combination thereof at FCPS’s discretion.

Proposers are strongly advised not to prepare your proposal submission based upon any assumption or understanding that negotiations will take place. Proposers are advised to respond to this RFP fully and with forthrightness at the time of proposal submission. Proposers are strongly cautioned NOT to contact elected officials or members of the Evaluation Committee regarding the selection process. Inappropriate efforts to lobby or otherwise influence individuals or organizations involved in this selection may result, at FCPS’s sole discretion, in dismissal from further consideration. Proposers may be required to clarify and/or explain their proposals via individual Proposer presentation to the Evaluation Committee. Proposals shall not be available for inspection until interviews, if scheduled, are completed and an award has been made. After agreement award, all proposals become matter of public record and are available for inspection by the general public. “It shall be the proposer’s responsibility to duly note on their submittal if any information in their submitted proposal contains proprietary information”.

Technical Proposal

ASO Performance Guarantees

Representations made by the Offeror in this proposal must be maintained for the duration of the contract term.

Offeror will report results on all performance measurements quarterly per the requirements of the Report Card

It is critical to the success of FCPS' programs that services be maintained in accordance with the schedules agreed upon by FCPS. It is also critical to the success of FCPS' programs that the Vendor operates in an extremely reliable manner. It would be impracticable and extremely difficult to fix the actual damage sustained by FCPS in the event of delays or failures in claims administration, service, reporting, and attendance of Vendor personnel on scheduled work and provision of services to participants in FCPS' plan. FCPS and the Vendor, therefore, presume that in the event of any such delay, the amount of damage which will be sustained from a delay will be the amount set forth below, and the Vendor agrees that in the event of any such failure of performance, the Vendor shall pay such amount as liquidated damages and not as a penalty. FCPS, at its option, for amount due FCPS as liquidated damages, may deduct such from any money payable to the Vendor or may bill the Vendor as a separate item.

- Prepare the report based on the attached census
- **Access should be run on**
– Eligible Employees

Note that separate reports are requested for each of your products and networks (i.e. DHMO, DPPO Core or Base Network, DPPO Extended Network, etc.).

- The GeoAccess report files **must be in Excel format** and include:

Zip	City	County	State	Total EE's	EE's With Access	EE's Without Access	% With Access	% Without Access	Total Providers	Avg. Dist to 1 Provider	Avg. Dist to 2 Providers
-----	------	--------	-------	---------------	---------------------	---------------------------	------------------	---------------------	--------------------	----------------------------	-----------------------------

1. Zip code
2. City
3. County
4. State

Immature fees are defined as first year fees that contemplate only those expenses necessary to administer claims both paid and incurred in the contract period. In the event of termination, additional fees may be charged to administer the run-out liability. These fees should be defined above under "Additional Charges".

In the first year, **Mature** fees are defined as fees that contemplate expenses necessary to administer claims incurred in the contract period and paid during the contract period and during a run-out period of some months following termination. In the event that the contract is renewed, first year fees charged for the run-out administration will be reserved until such time in the future that termination does occur and run-out claims can then be administered without additional charge.

Discount Review - Carrier Instructions

Client: Frederick County Public Schools (FCPS)

Carrier: Carrier Name

Source Date for Information Included in Response:

- Yellow highlighted areas are for carriers to complete
- Light blue highlighted areas are pre-populated with client-specific data.

Dental Comparative Charges

The top dental procedures file is a request to identify the cost of each professional service by the FCPS's most populated areas (3 digit zip codes) where employees are located. The objective is to have a minimum of $\frac{2}{3}$ of the population in the zip codes covered. Each zip code area will be weighted by "% of procedures" and cost and number of employees located within each zip code. If your network includes a tiered approach with a "core" and "extended" (terminology will vary), SEPARATE DISCOUNT RESPONSES ARE REQUIRED.

1. Please provide your product specific "average network charge" and "average eligible charge" (network charge after discount) for each 3-digit zip code listed
2. For comparison purposes, discounts information should include your proprietary networks, as well as, any rental networks that are being proposed

Dental Network Discount Review

The Self-reported Discount Review file is a request to identify the AVERAGE discounts, based upon your products' and networks' specific

1. Please provide your average provider discounts compared to eligible charges, by dental product network, for the 3-digit zips listed in the exhibit.
2. If your discounts are not calculated based on eligible charges, describe what comparison was used and the difference it creates in your reported discounts.

Comparison used if not Eligible Charges:

3. For comparison purposes, discounts information should include your proprietary networks, as well as, any rental networks that are being proposed.
4. If there are multiple fee schedules, provide the AVERAGE, not the highest or most favorable.

Definitions

Total Eligible charges is defined as total billed charges less any non-covered charges (e.g., plan exclusions, not medically necessary, etc.).

Total Paid charges is defined as amount payable to the provider according to provider contracts, but prior to application of member cost sharing and COB.

FREDERICK COUNTY PUBLIC SCHOOLS

CERTIFICATION OF COMPLIANCE

1. All Contractors, subcontractors or vendors must abide by FCPS Board policies and regulations while working on FCPS property.
2. Maryland Law requires that any person who enters into a contract with a county board of education may not knowingly employ an individual to work at a school (or FCPS facility) if the individual is a registered sex offender. Please reference §11-113 of the Criminal Procedure Article of Maryland Code for penalty.
3. Be advised that individuals who are registered sex offenders are not eligible to work on any FCPS project. The Contractor must initially check the Maryland Department of Public Safety & Correctional Services' MARYLAND SEX OFFENDER REGISTRY and search for the name of any employee to be assigned to work on this project. This applies to subcontractors and material/equipment suppliers as well.
4. In the event that a registered sex offender is discovered to be working on a FCPS project, whether through employment by the prime Contractor, subcontractor or vendor, the site superintendent will immediately remove the individual from the premises and permanently terminate his work assignment. FCPS may terminate this contract as a result if the Contractor is unable to demonstrate he has exercised care and diligence in the past in checking the Maryland registry.
5. Effective July 1, 2015, amendments to §6-113 of the Education Article of the Maryland Code further require that a contractor or subcontractor or vendor for a local school system may not knowingly assign an employee to work on school premises with direct, unsupervised, and uncontrolled access to children, if the employee has been convicted of, or pled guilty or nolo contendere to, a crime involving:
 - a. A sexual offense in the third or fourth degree under §3-307 or §3-308 of the Criminal Law Article of the Maryland Code.
 - b. Child sexual abuse under §3-602 of the Criminal Law Article of the Maryland Code or any other State; or
 - c. A crime of violence as defined in §14-101 of the Criminal Law Article of the Maryland Code or any other State
6. With the passing of Maryland Law MD. Code, Educ. 6-113.2, employers of all contracted staff must obtain background information relating to child sexual abuse or sexual misconduct. This means that all contracted staff having direct contact with students must meet all of the FCPS and Maryland State Department of Education (MSDE) requirements before doing business with FCPS. See: [Maryland State Department of Education Website](#); [House Bill 486 Child Sexual Abuse and Sexual Misconduct Prevention](#); [MSDE Guidelines For MD. Code, Educ. 6113.2](#); and [Employment History Review Form for Child Abuse and Sexual Misconduct](#) for additional information.

In addition, there has been no change to the current FCPS requirement, that all contracted staff who have contact with students are required to be fingerprinted in order to obtain a criminal background check. Fingerprints and background check are still an enforced FCPS requirement.

7. Under recent amendments to §5-561 of the Family Law Article of the Maryland Code, each contractor, subcontractor, or vendor shall certify by signing this affidavit that any individuals in its work-force including sub-contractors, have undergone a criminal background check, including fingerprinting, if the individuals will work in a FCPS school facility in circumstances where they have direct, unsupervised, and uncontrolled access to children.
